Dear Minister for Justice and Fair Trading (OFT)

Please find an open letter of complaint to you published at: <http://www.warrenruss.com>

My complaint is that your Office of Fair Trading is serially deficient by :

- turning a blind eye to breaches of legislation within its jurisdiction;
- on review, stating that the matters are out of the statutory time frame for prosecution, when OFT caused the delay for it to be out of time;
- falsely stating that OFT does not have jurisdiction to address how a Field Agent carries out his appointments after being appointed (e.g. by trespassing);
- stated there was no evidence to support my claims, when OFT refuses to request or receive the evidence.

Yours faithfully  
Gordon Craven
